General Moly is a U.S.-based molybdenum mineral exploration and development company listed on the American Stock Exchange and the Toronto Stock Exchange under the symbol GMO. Our primary asset, our interest in the Mt. Hope project located in central Nevada, is considered one of the world's largest and highest grade molybdenum deposits. Combined with our second molybdenum property, the Hall-Tonopah project which is also located in central Nevada, our goal is to become the largest primary molybdenum producer by the middle of the next decade.
